

# Big Bottle

By Angel Furlas

**Roles (2)**      *Storyline: Two people are facing away from the camera, discussing the size of an object they seem to be holding. It is later revealed that the object actually is a wine bottle, rather than a sexual reproductive organ (that is implied throughout the sketch.)*

J: Hmm... That is big!

A: Yes, very big.

J: Indeed, quite large considering its age.

A: It should have been in shards by now...

J: Absolutely. But, if you think about it...

A: Yes?

J: Wouldn't you want to put the tip in your mouth, and just let it dominate you with its insides?

A: You bet! I'm practically gagging for that!

J: And, gosh that is absurdly hard!

A: Yes! Very sturdy.

J: Sometimes I just wish I had the same one...

A: I've got plenty of those. In fact, you've given me one.

J: Oh, good old Angel... It was your birthday gift, remember?

A: Hahaha... I can't exactly forget, can I?

J: You're quite right!

A: Anyways, shall we go on with the exhibition?

J: Oh yes, certainly!

[Proceeds to place the wine bottle in white-painted man's hands.]
